Synopsis is sent in to Central Office in Paris, well within the time. The set of 18 Synopsis, is also verified to be received at Central Office.

Number of synopsis with different allotments

- 7, IA
- 7, NCA
- 1, NCA additional
- 3, SCA

Number of synopsis, in different study committees

- 4, SCA2
- 1, SCA3
- 2, SCB1
- 5, SCB4
- 1, SCB5
- 1, SCC1
- 1, SC C6
- 3, SC D1

Planning for Lund Symposium 2015

The planning started in February 2013 with a local committee meeting in Lund. Sites and rooms were inspected. Discussions with a representative from a service provider CONGREX and Lund University were performed. An indicating offer from CONGREX gives the local organizing committee more information for the budget of this event. A meeting was also performed in April 2013 with Carlo Alberto Nucci in Bologna, who arranged the Bologna symposium in 2011, to get his experience from the event 2011. A flyer for the Lund symposium is produced. It is presented at the CIGRE webpage.

http://www.cigre.org/Events/Other-CIGRE-Events

An international Symposium Committee will be composed after the summer and will start the planning for the sessions and working group meetings at the symposium. A call for papers within the study committees B4, C1, C2 and C5 will be presented in spring 2014.

INTERNATIONAL SYMPOSIUM

Lund, Sweden May 27-28, 2015

ACROSS BORDERS - INTEGRATING SYSTEMS AND MARKETS

HVDC and Power Electronics
System Development and Economics
System Operation and Control
Electricity Markets and Regulation

CIGRÉ Booth at CIRED 2013 in Stockholm, Sweden

At CIRED 2013 June 10 - 13 in Stockholm, CIGRE was given a free booth. CIGRE got the chance of presenting some information and getting some new members.

The communication responsible and webmaster, Estelle Tijou was present in the booth during the conference, and was supported by the Swedish National Committee secretary, Sven Jansson.

The booth
